SENIOR FRONT-END DEVELOPER / UX ANALYST

A versatile and detail-oriented professional, I bring passion and expertise in front-end development and user experience to fast-paced environments. With a background in Systems Analysis and Development, Graphic Design, Music, and experience in various industries, I excel in cross-functional collaboration and adaptability. Skilled in JavaScript frameworks, high-fidelity prototyping, and cutting-edge technologies like React, TypeScript, Tailwind CSS, and Next. Committed to continuous improvement and exploring new tech, I blend creativity with problem-solving skills to deliver exceptional results. Board game geek, film aficionado, and theatre-goer.

PROFESSIONAL EXPERIENCE

SENIOR FRONT-END DEVELOPER at [First Decision](#)

December 2023 – Present

- Led the development and integration of innovative front-end solutions using React.js, Next.js 14, MUI, and TypeScript, enhancing user experience and streamlining web development processes.
- Utilized Git for version control, ensuring efficient project collaboration and seamless integration with cross-functional teams.
- Managed GitLab projects using Rancher and SonarQube, providing strategic guidance and support on project organization and utilization within GitLab.

Technical environment: Next.js, Typescript, React, MUI, TanStack Query, React-Hook-Form (RHF), Zod, Javascript, Figma, Nest.js, Gitlab, Git, C#, Docker, Rancher, SonarQube, SonarLint, DBeaver, OracleDB.

SENIOR FRONT-END DEVELOPER at [TTY2000](#)

April 2023 – November 2024

- Developed and integrated front-end solutions using React, Next 13, MUI, TypeScript, and Tailwind CSS, focusing on optimizing user experience and improving web development efficiency.
- Revamped legacy systems' front-end interfaces by incorporating modern technologies and refactoring HTML and CSS code in PHP projects, adhering to Clean Code principles.
- Leveraged Docker and Nest.js for efficient project management and deployment.

Technical environment: Next.js, Typescript, React, MUI, TanStack Query, AdobeXD, Figma, HTML5, TailwindCSS, Nest.js, SASS, CSS3, Gitlab, AzureDevOps, Git, Blazor, C#, Docker, Rancher, SonarLint, DBeaver, OracleDB, Microsoft SQL Server.

FRONT-END DEVELOPER, UX CONSULTANT at [TTY2000](#)

September 2022 – April 2023

- Implemented robust front-end solutions using React, Next 13, MUI 5, TypeScript, and Tailwind CSS, ensuring optimal user experience.
- Collaborated on projects using Next 13, MUI 5, and Blazor, applying advanced UX design techniques to create user-friendly interfaces.
- Employed Docker and Nest for effective project management and deployment.

Technical environment: Next.js, Typescript, React, MUI, Digma, HTML5, Tailwind CSS, Nest.js, SASS, AzureDevOps, Git, Blazor, C#, Docker, Rancher, SonarLint, DBever, Microsoft SQL Server.

FRONT-END DEVELOPER at [AGU \(Brazil's Attorney-General's Office\)](#)

January 2022 – September 2022

- Developed responsive and accessible front-end solutions for internal legacy systems using HTML, JavaScript, TypeScript, and Tailwind CSS, enhancing user experience.
- Utilized CSS frameworks like Bootstrap and Tailwind CSS to create visually appealing interfaces and employed JavaScript frameworks like React, Vue, and Angular for efficient development.

Technical environment: Typescript, Javascript, Figma, HTML5, Tailwind CSS, SASS, CSS3, PHP, Apache, Composer, AzureDevOps, Git, Vue.js, Bootstrap, Bulma, Blazor, C#, .NET, Rancher, SonarLint, DBever, OracleDB, Microsoft SQL Server.

SENIOR UX DESIGNER at [AGU \(Brazil's Attorney-General's Office\)](#)

September 2018 – January 2022

- Designed visually appealing web interfaces, focusing on user experience and ensuring consistency across platforms.
- Managed SCRUM teams, improved UI of governmental software, and performed front-end modifications in service management systems.
- Utilized Adobe Creative Suite and Figma for design and prototyping, collaborating with developers for seamless integration.

Technical environment: Javascript, Figma, Adobe XD, Adobe Illustrator, Adobe InDesign, Microsoft PowerApps, HTML5, CSS3, PHP, Apache, AzureDevOps, Git, Bootstrap, Microsoft SQL Server.

OPERATIONS ANALYST, UX DESIGNER at [BBTS \(Bank of Brazil Technology Branch\)](#)

April 2015 – September 2018

- Designed user interfaces for various digital platforms, focusing on user experience and visual appeal.
- Created wireframes and high-fidelity prototypes using Axure RP, improving user experience through extensive testing.
- Developed financial management software, maintaining front-end development/maintenance and designing functionalities for the mobile app "Banco do Brasil."

Technical environment: Axure RP, Javascript, Figma, Adobe Illustrator, Sketch, HTML5, SASS, CSS3, Bootstrap, PHP.

GRAPHIC DESIGNER, Self-employed at [Redbubble](#)

October 2011 – November 2014

- Created original t-shirt designs using Inkscape, GIMP, and Adobe Illustrator, ensuring high-quality results.
- Leveraged skills in digital photography, graphic design, and logo design to produce creative content.

Technical environment: GIMP, Adobe Lightroom, Adobe Illustrator, Adobe Photoshop, InkScape, CorelDRAW.

ADMINISTRATIVE ASSISTANT (ACCOUNTING CLERK) at [CAER \(Roraima's Water and Sewage Company\)](#)

June 2011 – December 2012

- Assisted in the preparation and analysis of financial documents, contributing to overall financial management.
- Managed data entries using TOTVS systems and MySQL, maintaining accurate financial records.

Technical environment: Microsoft Office, TOTVS Systems, MySQL.

EDUCATION
